Student Comments

- Overall, the dining outlets provide a good variety of food
- Vegcraft has improved
- The J Grill's hours are great and there is always food there even when the J is low on food
- Would like the J Grill to more consistently offer grilled cheese
- Request to consider expanding the sandwich bar through dinner at the J
- Themed and world food nights are great, but make sure to change up the menu. For example, don't always serve egg rolls and potstickers when it's Asian night
- Future ideas: a pasta bar, a rice cooker station
- Love the Po Boys!
- Better labeling, i.e. smoothies at the Marketplace and squeeze containers at the J
- Bring back mac n' cheese at the Marketplace
- The \$7.99 value meal at the Marketplace has gotten skimpy and the pizza is overpriced for the quality
- The lines at the Marketplace get long at times - should be all hands on deck, including administrators, in these instances
